Chinese Blackline Masters

By Tommasina Rodrick

ABOUT THE ACTIVITIES

- . 这是汉语! (Zhe shi Hanyu!) Blackline Masters have been designed to support 我喜欢汉语! Kindergarten - Year 6 Chinese program. Due to the user friendly nature of these Blackline Masters, they can also be implemented on their own or with your school's existing LOTE program.
- . There are **25** Blackline Masters per year level. For Kindergarten to Year 6 that is a total of **175** Blackline Master activities.
- . The activities comprise a variety of themes, and aim to consolidate and extend the children's knowledge of Chinese.
- . Children with little or no background in Chinese will find these Blackline Masters easy to understand and follow.
- . These activities are designed to be stimulating, challenging and fun. Class discussion is encouraged, as is peer support and group work.
- . The language teacher is encouraged to expand on the concepts being covered in each Blackline Master to consolidate the desired learning outcomes.
- . These Blackline Masters can be used as revision or extension activities.
- . Integrate and develop cultural activities where possible, when implementing these Blackline Masters. Cultural development can be achieved at any stage or year level, when learning a language.
- . Encourage children to read all their work aloud in Chinese and to share it with others. Praise and give tangible rewards like stickers and stamps whenever possible.
- . As progress is important, be guided by your learner's level and rearrange the order of the Blackline Masters to provide optimum learning. For example, you may choose a Year 3 Blackline Master activity for your Year 5 student because of his/her ability.
- . I wish you continued success in LOTE and hope you enjoy using 这是汉语! (Zhe shi Hanyu!).

BLACKLINE MASTERS FROM KINDERGARTEN - YEAR 2

AT A GLANCE	KINDERGARTEN	YEAR 1	YEAR 2
<ul style="list-style-type: none"> ➤ The following two charts are an overview of all the Blackline Masters from Kindergarten to Year 6. ➤ The activities have a progression of vocabulary from one year level to the next. ➤ The same theme was not always used for each year level. ➤ Teachers are encouraged to lead up to, and then follow up each Blackline Master activity. This will allow the children to learn the language being presented in context. ➤ As children learn best with peers, encourage them to work in pairs or small groups. This should help develop confidence and language acquisition.
