Notes:

1. CDs provide authentic pronunciation guide for vocabulary covered in the Practical Program books. Voices used for modelling are by male and female native speakers. In the case of Spanish, the accent used is Castilian Spanish. There is no specific audio for the Blackline Masters.
2. Posters are standard A1 size in gloss paper. Flags are in true colour. Maps are in monochrome (purple).
3. Blackline Masters follow the themes in the Practical Program books, but teachers do not need to have the Practical Program books for the Blackline Masters to be useful in class.
4. CD Stories include one CD plus access to free downloadable teacher worksheets. Visit our website and register to download worksheets for the language you require. Hardcopy worksheets also available for purchase. Listed above.
5. Products are progressively being prepared for distribution electronically. Products no longer available in hard copy formats will be offered in pdf format at discounted prices.
